

# 2014 Annual Report

**UPA** United Palestinian Appeal

*Transforming lives, empowering communities since 1978*

## From the Board

The summer of 2014 marked the third time in six years that Israel sowed death and devastation on the helpless Gaza Strip. The 50-day Israeli assault and invasion killed over 2,200, most of them civilians. UPA responded immediately with emergency relief totaling \$10.6 million.

During the war and its immediate aftermath, we were heartened to see the solidarity among the people of Gaza and the resilience of those who lost their loved ones, their homes and their possessions. We were also overwhelmed by our donors' generosity, compassion and support in response to this catastrophe.

Despite the great financial burden the situation in Gaza imposed on UPA and similar organizations during 2014, UPA continued its support of Palestinian communities in the Middle East through its ongoing programs – Children's Fund, Food Program, Scholarship Program – and development projects. Because of the high priority UPA placed on emergency relief during the year, however, some development projects had to be delayed until 2015.

The work highlighted in the following pages would not have been possible without your donations. Thank you.

## Children's Fund

The UPA Children's Fund works to foster a nurturing and stimulating environment for children that allows them to realize their full potential. The Fund supports projects that serve orphaned, disabled or impoverished Palestinian children.

The Children's Fund works in cooperation with reputable orphanages, schools and welfare societies throughout Palestinian communities to implement projects in three categories: Education; Health & Nutrition; and Recreation.

▲ **Community Rehabilitation Center for the Disabled (Gaza Refugee Camp, Jerash, Jordan):** Staff and volunteers received training on best practices for working with disabled children. The Center also conducted outreach to camp employers and teachers on the rights of persons with disabilities.

### Scholarship Program

Since 1986, UPA's Scholarship Program has helped over 2,000 Palestinian students realize their dream of higher education. Recipients must demonstrate academic excellence, financial need and a desire to give back to Palestinian society. During 2014, UPA awarded 60 degree-long scholarships for students at nine universities in the West Bank and Gaza Strip.

*"I come from a simple, education-loving family living in a refugee camp," said **Yaqueen Bushkar** at An-Najah University. "My father, a teacher, cannot afford my university tuition. I love computer engineering and aspire to open my own programming company one day. The UPA scholarship is very important to me, as someone who loves creativity and wishes to take part in the IT revolution."*

## Scholarship Program (cont.)

▲ Students graduating from Bethlehem University.

▲ UPA scholarship recipients studying at Birzeit University.

## Community Development

**Acre Women's Association-Pedagogical Center (Acre, Israel):** Provided funds for the AWA to disburse loans to women who play the primary role of providing for their families. These loans were used to finance much-needed repairs to homes in the historic city, which provided an alternative to emigration. This project helped to maintain the Arab identity of Acre and support women in their homes and small businesses.

**▲Al-Bayyara Playgrounds Project (West Bank and Gaza Strip):** UPA continued support for the construction of outdoor playgrounds throughout the West Bank and Gaza Strip in residential areas that lack green spaces for children to play. Al-Bayyara (which means "orange orchard" in Arabic) has converted dangerous lots into places of safety and fun, and employs dozens of construction workers. The project was implemented in partnership with the Bank of Palestine, American Near East Refugee Aid, the Basem and Muna Hishmeh Foundation and the Welfare Association.
